Listed below is the current list of supported TV, Phone, Tablet, and web browsers.

Watch on the devices you already love.

Every TV, streaming player, phone, tablet and web browser that works with Truvista Stream. We support each device on its newest operating system and the version before it. Truvista Stream needs a Truvista Fiber connection of at least 25 Mbps, and one Fire TV Stick is included per household at sign-up.

STATUS KEY · Tested / Supported · Limited testing · Not tested, expected to work · Planned · Not supported

Streaming sticks & players

Plug into any TV with HDMI. The easiest way to get started.
