TRANSFERRING CALLS

There are two ways of transferring a call – **Blind** transfer and **Consult** transfer.

Blind Transfer allows you to transfer a call directly to another without announcing the call first:

- During a call press the **Transfer**  on the phone or tap the **Transfer** soft key
- Enter the number you want to transfer the call to
- Press  on the phone or tap the **Transfer** soft key to complete the transfer

Consult Transfer allows you to transfer a call to another party with announcing the call first:

- During a call press the **Transfer** button  on the phone or tap the **Transfer** soft key (*this places the caller on hold*)
- Dial the number you want to transfer the call to
- Press  on the phone or tap the **Transfer** soft key to complete the transfer

If the party refuses the call prior to completing the transfer:

- Tap the **Cancel** soft key then tap **Resume** to go back to the original caller

CONFERENCE CALLS

You can create up to a three-way audio-only conference:

- While on an active call, tap the **Conference** soft key
(*The active call is placed on hold*)
- Enter the number of the second party, and then press  or tap **Conference**
- When the second party answers the call, tap the **Conference** soft key on the second party call screen to join all parties in the conference

- Repeat steps 1 to 3 until you have added all intended parties

During the conference call you can:

- Press  or tap the **Hold** soft key to place the conference call on hold
- Press  to mute the conference call, all other participants can hear each other, but they cannot hear you
- Tap the **EndCall** soft key to drop the conference call

CALL HISTORY

Your phone maintains a call history of Placed Calls, Received Calls, Missed Calls and Forwarded Calls. Each list can hold up to 100 entries. The following icons represent each of the categories:

Missed Calls

Received Calls

Placed Calls

To view History:

- Tap  (*The touch screen displays all call records*)
- Tap  after the desired entry and then you can:
 - Tap **Send** to place a call
 - Tap **Add** to add the entry to the local directory
 - Tap **Edit** to edit the phone number of the entry before placing a call
 - Tap **Blacklist** to add the entry to the blacklist
 - Tap **Delete** to delete the entry from the list

DIRECTORY

To add a contact:

- Tap  and then select the desired group on the left
- Tap **Add** to add a contact
- Enter a unique contact name in the **Name** field and contact numbers in the corresponding fields
- Tap  to accept the change

VOICEMAIL

To set up voicemail:

- Press  on your phone
- When prompted enter your default voicemail passcode as provided to you by Truvista Fiber
- Follow the prompts to change your passcode, record your name, and set up your greeting

Access voicemail messages:

- A message box will appear on your home screen indicating you have new messages
- The  icon will also appear on the status bar, indicating how many new messages you have
- Press the message button 
- Enter the voicemail passcode
- Follow the prompts to retrieve your messages
- Press **#** to save the message, **2** to repeat the message, or **7** to delete the message
