

NOTICE

CALL MONITORING NOTIFICATION

At TruVista, our mission is to provide world-class customer service. In order to continually improve our level of service, TruVista monitors calls for quality assurance.

NEW ACCOUNT SETUP

When setting up an account, we require a driver's license or approved picture ID and we run credit before we will activate any services. After the service is active we require that the customer give us the last 4 digits of their social security number before we will allow any changes or questions on the account.

For any other legal inquiries regarding our products and services, please contact us.
